## Determination of Patent Term Adjustment under 35 U.S.C. 154 (b) (application filed on or after May 29, 2000)

The patent term adjustment to date is 156 days. If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the term adjustment will be 156 days.

If a continued prosecution application (CPA) was filed in the above-identified application, the filing date that determines patent term adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system. (<http://pair.uspto.gov>)

Any questions regarding the patent term extension or adjustment determination should be directed to the Office of Patent Legal Administration at (703)305-1383.

**Notice of Fee Increase on January 1, 2003**

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

## DETAILED ACTION

### *Drawings*

1. The corrected or substitute drawings were received on 02 December 2002.

These drawings are approved.

### *Claims*

2. Claim 3 is canceled without prejudice. Claim 1 is amended; no new matter is added.

## EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interviews with Attorney David A. Blumenthal on 06 February 2003 and on 20 February 2003.

The application has been amended as follows:

Claims 1, and 13, the recitation "little variation in thickness" is changed to -- little variation in thickness that is disposed in a contact hole -- .

Claim 8, the recitation "a color film, a signal electrode, a gate electrode, and a pixel electrode; then forming a columnar spacer on said transparent electrode film

Art Unit: 2871

minimally in a part of contact holes" is changed to -- a color film with contact holes, a signal electrode, a gate electrode, and a transparent pixel electrode; then forming a columnar spacer on said transparent pixel electrode at least in a part of said contact holes -- .

***Allowable Subject Matter***

3. Claims 1, 2, and 4-16 are allowed.

The following is an examiner's statement of reasons for allowance:

As to claim 1, relevant prior art of record did not disclose, alone or in combination, a liquid-crystal display (LCD) panel as claimed, *wherein said columnar spacer is formed on a transparent electrode film that is in a portion of a multi-layered film having little variation in thickness that is disposed in a contact hole.* The closest reference is Miyazaki, but Miyazaki does not disclose the claimed recitations, and Kurauchi teaches away (col. 13, lines 35-43).

As to claims 7, 8, and 13, a search of relevant prior art of record did not disclose, alone or in combination, a method for manufacturing a LCD panel as claimed, comprising forming a columnar spacer on a transparent electrode at least in a part of contact holes provided on said pixel regions: The closest reference is Miyazaki, but

Art Unit: 2871

Miyazaki does not disclose the claimed recitations, and Kurauchi teaches away (col. 13, lines 35-43).

As to claims 2, 4-6, 9-12, and 14-16, they are directly or indirectly dependant upon claims with allowable subject matter above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
